

## **Experienced Residential Carpenter**

At Dyna, the quality and integrity of the finished product depends on our ability to listen and respond to our customers' needs. We take pride in our ability to create and coordinate the best possible team for every job – and doing so demands a strong and open partnership with clients, architects, subcontractors, and vendors. From start to finish on every project, we place an extraordinary value on communication.

Dyna is seeking the best experienced carpenter to join our team. Applicants should have a minimum of five years' experience in all aspects of custom, high-end residential construction with a strong background in finish work and unique architecture. You need to have a genuine interest and ability to perform well on both custom modern work and traditional design. Our projects include new construction, remodels, floating homes and light commercial construction. If you enjoy learning and growing into a long-term career within a great company, look no further!

Our job sites are typically in and around the Seattle area and the Eastside. We offer highly competitive wages and generous medical, dental and vision benefits. We offer a 401K plan, have a generous Paid Time Off policy and a strong family-like work environment.

### Desired Skills and Qualifications:

- 5 plus years' carpentry experience in all aspects of residential construction.
- Handyman, general repair - light electrical, plumbing, and maintenance; drywall and tile skills are a plus.
- Must be reliable, and prompt, with a professional appearance and demeanor.
- Residential carpentry experience should include framing, cabinets, interior trim carpentry which includes windows, doors and casework; exterior trim carpentry includes - siding, fascia and soffits.
- Must be able to read and interpret plans, drawings, and sketches, and have an aptitude for math.
- Working knowledge of building codes.
- Must take direction and work well in a team environment as well as having the ability to work independently.
- Must be able to think on your feet to solve problems quickly and effectively.
- Must be "day one ready" arriving at work with tool bags and the following: skill saw, cordless drill/impact, Sawzall, screwdriver combo bit set; level, utility knife, 50 ft. power cord, 25 ft. tape measure and a framing gun.
- Ability to communicate verbally in English and understand written instructions. Spanish-language skills are a bonus.

- Physical Requirements: Working conditions include being outside in all types of weather and inside of customer's homes and businesses. You should be experienced in working on construction sites, ladders, scaffolding, heights, power tools and equipment.
- Ability to perform tasks on all areas and aspects of construction project – i.e. ability to climb ladders, crawling, walking, lifting and carrying objects of up to 50 pounds, near acuity and manual dexterity.
- PPE (personal protection equipment) such as steel toe boots/ shoes, safety glasses, ear plugs, gloves, etc. must be worn on site.
- All carpenter positions work up to 40 hours per week, with occasional opportunities for overtime. It is expected that you are ready to work with your "bags on" at the scheduled start time; most job sites start at 7:30 a.m. Monday through Friday. Personal mobile smartphone is required to track your hours worked
- Reliable transportation to get to job site, have a valid license and insurance required.
- Ability to pass pre-employment criminal background check.
